

Application No. 09/614,118
Attorney Docket No. 05725.0393

Appendix

Version with markings to show changes made pursuant to 37 C.F.R. § .121(c)(1)(ii):

30.(Amended) A method of protecting a keratinous fiber from extrinsic damage or repairing a keratinous fiber following extrinsic damage comprising applying to said keratinous fiber a composition comprising at least one sugar chosen from C3 to C5 monosaccharides and derivatives thereof; and heating said keratinous fiber, wherein said at least one sugar is present in an amount effective to protect said keratinous fiber or repair said keratinous fiber, [and] further wherein said composition is applied prior to said heating or during said heating[.],

wherein protecting a keratinous fiber means preserving a greater degree of the α -structure and/or the tensile strength of the keratinous fiber following treatment of the keratinous fiber with said composition as compared to not treating the keratinous fiber with said composition; and wherein repairing a damaged keratinous fiber means increasing the α -structure and/or tensile strength of the damaged keratinous fiber following treatment of the damaged keratinous fibers with said composition as compared to not treating the keratinous fiber with said composition.
